

Stay-at-Home Stepping Notes early-years music videos

“Thanks so much for the videos - they're great and I've picked up loads of ideas! You are such a natural in front of the camera...”

“Each viewing seemed to reveal another layer of musical concepts and skills... brilliant, inspirational and so useful...”

“It is the seamless style of the lessons which is so inspirational...”

“Spiders, muddy bottoms, goblins, fairies, hot-cross buns... what's not to love?”

“A jam-packed class with so many ideas, and so cleverly thought out”

First made in spring 2020 at the time of the first Covid lockdown, these videos have been firm favourites with children, parents and teachers alike ever since. These videos are all live, movement- and singing-packed, age-specific videos, designed **for children and families** to watch and join in with. They were all recorded in my living-room using a high-definition camera and a high-quality microphone. They use the educational concepts of Kodály, Jaques-Dalcroze and Géza Szilvay (Colourstrings) to develop children’s musicianship in a fun, subconscious way appropriate to their age and level of development.

These videos are equally suitable as CPD **for early-years music teachers**, to gain ideas for repertoire, technique and lesson structures.

These videos are available on an ongoing *private subscription* basis, at the following rate:

£7.00 per video for a period of three calendar months

Terms & Conditions – PLEASE READ CAREFULLY:

1. If you have not yet done so, **first** please subscribe to YouTube, i.e. create for yourself a YouTube account (This is essential, as these videos will be shared with you as “private” videos, access to which will require you to sign in to YouTube with your YouTube-registered e-mail address.)
